

ULLMAN SAILS LONG BEACH RACE WEEK

JUNE 23 - 25, 2023

YACHT CLUB CHALLENGE TROPHY

The Yacht Club Challenge Trophy is based on cumulative scoring of teams composed of three yachts competing in three separate classes at Long Beach Race Week. When there are insufficient yachts from a single yacht club to constitute a three-yacht team, teams may be nominated from geographically recognized regions (such as Pacific Northwest, Gulf Coast, British Columbia or Texas).

CHALLENGE FORMAT:

- A yacht club may enter up to three (3) individual teams.
- Clubs more than 100 miles from Long Beach may form teams from clubs in the same area.
- Each team entering the "Yacht Club Challenge Trophy", must enter and declare its 3-boat team(s) no later than the start of the first race on Friday. (No substitutions will be allowed after this date/time except for an emergency situation, with the approval of the Principal Race Officer)
- The skipper of each yacht on each team must be a member of the yacht club they are representing.
- The three-boat team with the lowest cumulative combined score, counting each boat's final class standing divided by the number of starters in her class as one score, shall be the winner. In case of a tie on points, the winner shall be the team who has the lowest combined score, as delineated above, in the final race.

If you wish to be considered for this trophy, **IN ADDITION** to your individual boat registration, please fill out the form below and return the completed form to Long Beach Race Week registration.

Please Type or Print Clearly
